POETRY.

ELIJAH'S INTERVIEW.

By CAMPBELL.

On Horeb's rock the prophet stood;
The Lord before him passed;
A hurricane in angry mood,
Swept by him strong and fast;
The forest fell before its force,
The rocks were shivered in its course;
God was not in the blast;
'Twas but the whirlwind of His breath,
Announcing danger, wreck and death.

It ceased—The air grew quiet—a cloud
Came muffled up the sun;
When through the mountains, deep and loud
An earthquake thundered on;
The frightened eagle sprang in air;
The wolf ran howling from his lair;
God was not in the storm;
'Twas but the rolling of His ear,
The trampling of His steeds from far.

It came still again—and nature stood,
And calmed her ruffled flood,
When sweetly from heaven a fiery flood
To earth devastating came;
Down to the depth the ocean fled,
The sickening sun looked dead,
Yet God filled not the flame,
'Twas but the terror of His eye,
That lightened through the troubled sky.

At last a voice so still and small,
Rose sweetly on the ear,
Yet rose so shrill and clear that all
In heaven and earth might hear.
It spoke of peace, it spoke of love,
It spoke in angelic tones above;
And God himself was there,
That made the trembling earth rejoice.

MISCELLANEOUS.

Six Reasons for Planting an Orchard.

1st. Would you leave an inheritance to your children?—plant an Orchard.

2d. Would you make your home pleasant—the shade of the orchard trees?

3d. Would you remove from your children the strongest temptation to steal?

NEW ESTABLISHMENT.

THE Subscriber respectfully informs his friends and the public generally, that he has again commenced the manufacture of **Tin and Sheet Iron Ware**, in all its various branches, in Chambersburg street, next door to the Post Office, and nearly opposite the Drug Store of Samuel H. Buehler, where he will at all times keep on hand a large assortment of **TIN AND SHEET IRON WARE**, at prices to suit the times.

STOVE PIPE of all sizes will always be kept on hand, or made to order. The subscriber will also send out a king and putting up **HOUSE SPOULING**, at the shortest notice, and upon reasonable terms.

GEORGE E. BUEHLER.
Chambersburg, April 12, '81.
N.B. The highest price given for Old Copper, Pewter, and Lead, in exchange for Ware.

REMOVAL.

THE subscriber would respectfully inform his old friends and customers—that he has removed his **Tailoring Establishment** to the house of Wm. W. Bell, deceased, in Baltimore street, and formerly occupied for many years, as the Post Office, where he hopes his friends will give him an early call.

He would also inform the Public that he is regularly in receipt of the latest and newest Fashions from New York and Philadelphia, and he is confident of being able to please all who may call at the **FASHIONABLE TAILORING ESTABLISHMENT**.

N.B. All kinds of country produce, taken in exchange for work, and a liberal discount made for the ready cash.

C. ZECHER.
April 10.

Assignees' Notice.

THE subscribers, having been appointed Assignees of John Lott, of Strasburg township, Adams county, by deed of voluntary assignment in trust for Creditors, hereby give notice to all persons indebted to said Lott, to make payment to them without delay, and all persons having claims against said Assignee, to make them known to them at their residence in Moonpleasant township.

A. REEVER & A.S.
A. LOTT.

NOTICE.

LETTERS Testimonial on the Estate of **JACOB KELLER** late of Mountain township, Adams county, deceased, having been granted to the subscribers, residing in Littlestown, Germany township, they hereby give notice to those indebted to said Estate, to call and settle the same, and those who have claims, to present the same, properly authenticated, for settlement.

ABRAHAM KELLER, & A.S.
DAVID SHRYVER.
April 10.

Bran & Shipstuffs.

THE subscriber has 1500 bushels of Bran and Shipstuffs for sale, at the following moderate rates:

Bran, 6 cts. per bushel.
Shipstuffs, 25 cts. do.

Persons wishing to purchase the above articles, can be accommodated by calling at the subscriber's mill, in Fayetteville, Franklin county, Pa.

JOHN DARBY.
Fayetteville, Dec. 12.

DIVIDEND.

THE Managers of the Gettysburg & Petersburg Turnpike Company, have this day declared a Dividend of **One per cent.** on the capital stock of said Company, payable on or after the 15th inst.

J. B. McPHERSON, Treas'r.
May 1, 1843.

NOTICE TO

Delinquent Collectors.

THE Collectors of County and State Taxes for the year 1841 are hereby notified, to settle off their Duuplicates before the 30th day of May next, so after that time suits will be instituted to recover the same.

Collectors of the Tax for 1842 are also notified that money is much needed in the Treasury; and that it is highly important their Duuplicates should also be settled off without delay.

By order of the Commissioners,
ROBERT G. HARPER, Clerk.
April 17.

Assignee's Notice.

THE subscriber, having been appointed Assignee of MOSES MYERS, of Huntington township, Adams county, by deed of voluntary assignment in trust for Creditors—hereby gives notice to all persons indebted to said Myers, to make payment to him without delay, and all persons having claims against said Myers, to be requested to make them known to the Subscriber, at his residence in Reading township.

JOHN BROUGH, Assignee.
March 27.

Borough Accounts.

ROBERT G. HARPER, Treasurer of the Borough of Gettysburg, from the 4th day of May 1842 until the 8th day of May 1843—inclusive.

JAMES A. THOMPSON.

Treasurer of Adams county

Treasurer's Office, Gettysburg, May 8, 1843.

Preparatory Department

OF
PENNSYLVANIA COLLEGE.
Gettysburg, Adams County, Penn.

M. L. STOEVER, A. M. Principal.
JACOB SAND, A. M. Assistant.
W. A. RENSCHAW, Teacher of Writing.

THE Faculty of Pennsylvania College would call the attention of the public to this Institution, which has now been in successful operation for upwards of ten years, during which time they have given it their constant attention, and used all the influence they could exert to put it upon the most respectable footing. Within the last few years, particularly, such additions have been made to the number of instructors, and such improvements introduced into its modes of instruction and discipline, that they can confidently recommend it to the patronage of this community, and of the public generally.

The present Principal, who is an experienced and successful Teacher, devotes himself entirely to the duties of his station, in superintending and instructing his pupils, both during the regular hours of study and recreation, and at all other times. He lives in the building with the students, takes his meals with them in the Refectory, visits them in their rooms, accompanies them to church, and, enjoying their regard and confidence, endeavors to occupy the position of a parent or friend in his government. The young gentlemen by whom he is assisted, are not only well qualified for their duties, but also amiable in their temper and exemplary in their conduct.

The course of instruction embraces a solid and thorough English education, whilst those who desire to prepare for business or for College, have every advantage for the acquisition of the elements of Mathematics, and the Latin, Greek, German and French Languages. For those who propose taking a regular collegiate education, the course of instruction contemplates a period of three years, but the student is taken through it in a longer or shorter time, according to his attainments, abilities and application. Those who study English & Mathematics only, enjoy every advantage for acquiring the particular branches which they require.

The following is the list of studies, with the text books used:

1. Reading, Writing, Orthography, and the definition of words.
2. English Grammar, (Parker's & Fox's).
3. Arithmetic, Oral and Written, (Emerson's Book and Harkness's).
4. Book-keeping, (Marsh's).
5. Geography, (Woodbridge and Ward's Ancient and Modern).
6. History of U-S & G. Britain, &c. (Greenleaf's, Pinnock's, &c.).
7. Algebra, (Colburn's).
8. Composition and Declamation.
9. Watts on the Mind.
10. Latin and Greek Grammar, (Adams and Fisk).
11. Latin and Greek Reader, (Jacobs's).
12. Leveret's Latin Tutor.
13. Gesar, Nepos, Virgil and Sallust.

Throughout the whole course the students are required to attend to English Grammar, and particular attention is paid to Orthography, and the use of grammatical language in common conversation.

Students sufficiently advanced are permitted to attend recitations with the College classes in any of the branches which they require, such as Chemistry, Geometry, or any branch of Mathematics, Surgery, Mensuration, Rhetoric, &c., for which no additional charge is made; German and French are studied in the same way.

Young men desirous of qualifying themselves to become Common-school teachers, enjoy peculiar advantages. According to an Act of the Legislature, 18 young men receive instruction gratuitously for this purpose.

The Students in this department also have access to the College Library, and those of suitable age can enjoy all the benefits of the Literary Societies.

EXAMINATIONS AND REPORTS. There are two public and two private examinations in the year. Reports of behavior and scholarship, are sent to parents and guardians, twice a session, after each examination. As it is not our desire to flatter or deceive the public into our support, the fidelity of these reports must be depended upon, so that parents and guardians will know the true character and standing of their children.

RELIGIOUS EXERCISES. Prayers are attended every morning and evening by all the students, who are also required to attend public worship every Sabbath in the College Church, and are not allowed to go to any other place where they would be beyond the care of their instructors unless parents or guardians request it and designate the church in which they desire them to worship.

The students are also required to attend a Bible class on Sabbath afternoon, under the care of the Principal.

EXPENSES. Tuition, &c. is \$12 25 for the summer session, boarding in the College edifice, at \$1 75 per week, the summer session of 16 weeks amounts to \$28 00; Room rent \$2 00; Washing \$1 00; Total \$40 25.

WINTER SESSION. Tuition, &c. is \$12 25; Boarding \$24 weekly; \$12 00; Room rent \$3 00; Washing and fuel \$10 00; Total expenses \$73 25.

Students furnish their own bed, bedding, towels, &c. through rooms are furnished by the Steward at a moderate rate, so that the whole annual expense may be set down at \$125 00.

Young men, however, can board themselves, or obtain it out of the College edifice at from \$1 00 to \$1 50 per week.

FUNDS can be paid in the hands of the Principal or any of the Faculty of College, and it is earnestly recommended that students be not too liberally supplied with pocket-money.

VACATIONS. There are two Vacations in the year, commencing on the third Thursday of April and September, each 7 weeks continuance. The year is thus divided into three terms, the Summer Session continuing 18 weeks, and the Winter Session 21 weeks.

The Summer Session for 1843 commences on the 25th of May. It is highly desirable that students should be prompt in returning to the Institution, or in entering it.

The exercises in PENNSYLVANIA COLLEGE recommence at the same time.

For any further information in regard to either department of the Institution, address
M. L. STOEVER,
Principal of Penn. Coll.
Or C. P. KRAUTH, D. D.
Pres. of Pa. College.
By order of the Faculty.
Gettysburg, April 17, 1843.

IMPROVEMENT IN

WATER WHEELS.

THE subscriber takes pleasure in informing the owners of Mills and other Machinery, that he has made an important improvement in the construction of Water-wheels, which will be found far superior to any Water wheels now in use—for the following reasons:

1st. They will do the same work with one-third less water than any under-run or over-run wheel. 2d. They are much more simple and less expensive to build than the others. 3d. They are much more durable, being cast in one piece. And 4th, they are never obstructed by ice, nor impeded by back water. I speak with confidence concerning these Wheels. I have two of them in operation in my Mill, which have run about fifteen months and during which time they have performed admirably well, and fully sustain the recommendation here given them. These wheels run horizontally under water, and will answer to any fall from 3 feet to 15 feet; and will answer for Saw mills, or any other machinery requiring water power, and can be applied to gears or cranks. I prefer the latter. I have three pairs of stones in my Mill, all running by cranks—I have not a cog-wheel in the Mill. We find the cranks in machinery, if properly constructed, they are infinitely cheaper, and they render the whole plan so very simple, that in few cases there is no need of a millwright. The millwright work to one of these wheels, and all necessary gearing to run a pair of stones, can be made; and the cast wheel furnished and put up, for about fifty or fifty-five dollars, boarding and freight, which is a great saving over the cost of a pair of stones alternately. Think of this, all that are concerned. A cast water wheel that may last for ages, and all the gearing necessary, for about \$50.

The cast water wheels used in the Western country cost \$100 at the furnace, and are not half so good an article. All water wheels that are put up under my direction, will be warranted to perform as I say; if they do not, I will have them taken out and make no charge for the work. I have now had a fair trial of them through all seasons, and am fully satisfied that the wheels will answer in every particular.

Having obtained a Patent Right for the above improvement, I am now prepared to sell the right and privilege of using this plan of Water wheels to all who may be disposed to buy it.

I am desirous of appointing Agents in different sections of the country, to build wheels on the above plan, and to sell the right of using them. All letters addressed to me in Adams county, Penn. will be punctually attended to.

SAMUEL DIENH.
March 13.

Vegetable Life Pills & Phoenix Bitters.

WHEREAS, it is acknowledged as the best of all the numerous medicines that are offered to the public, Dr. Moffat's Life Pills and Phoenix Bitters are daily and hourly sustaining the sound reputation which they have honestly and unobtainably acquired. No person ever yet took them, even for a short period, without being so perfectly satisfied with their effects upon himself, as to recommend them to others.

The proprietor has never known or been informed of an instance in which they have failed to do good. In the most obstinate cases of chronic disease, such as chronic dyspepsia, torpid liver, rheumatism, asthma, nervous and bilious headache, costiveness, piles, general debility, scrofulous swellings, and chronic, scrofulous, salt rheum, and all other chronic affections of the organs and membranes, they effect cures with a rapidity and permanency which few persons would then readily believe, but to which thousands have testified from happy experience. In colds and coughs, which, if neglected, superintend the most fatal diseases of the lungs, and indeed the viscera in general, these medicines, taken three or four times, never fail to be taken at night, and so promote the intense perspiration, and so relieve the system of torpid action and feculent obstructions, as to produce a most delightful sense of convalescence in the morning; and though the usual symptoms of a cold should partially return during the day, the reputation of a reliable dose at the next hour of bed time will almost invariably effect permanent relief, without further aid.

At the retail price of the Life Pills is 25 cents per box, or in larger boxes at 50 cents and \$1. The Phoenix Bitters are sold in bottles at \$1 and \$2 each.

The above valuable medicines are for sale at the Drug Store of S. H. BUEHLER, in this place.
